REQUEST FOR RECONSIDERATION OF PATENT TERM ADJUSTMENT
DETERMINATION UNDER 37 C.F.R. § 1.705(b)

The Applicant respectfully requests that the Patent Office reconsider the patent term adjustment determination for the above-identified patent application. In support, the Applicant submits the following:

1. In the Notice of Allowance dated November 27, 2007, the patent term adjustment was determined to be 905 days. The Applicant believes this determination to be in error.
2. The Applicant believes the correct patent term adjustment should be calculated as 911 days (an increase of 6 days).
3. This patent application was filed on June 7, 2000.
4. A response to the first Office Action on the merits was received by the Office on April 30, 2001.
5. The second Office Action on the merits was mailed December 26, 2002. The

second Office Action was therefore issued 483 days after four months from the Applicant's response to the first Office Action (+483 days).

6. The Applicant's response to the second Office Action was received by the Patent Office on July 1, 2003, resulting in a deduction of 97 days (-97 days).

7. The PAIR system indicates that a Terminal Disclaimer was received by the Patent Office on July 7, 2003, resulting in a deduction of 6 additional days (-6 days). However, the Terminal Disclaimer was filed with the Applicant's response to the second Office Action, which was received by the Office on July 1, 2003. Moreover, the appropriate fee for the Terminal Disclaimer accompanied the Terminal Disclaimer and the response received on July 1, 2003. This is indicated by the attached postcard, Certificate of Mailing, and Petition for Extension of Time included in the Appendix. As a result, no additional 6 day deduction should have been made.

8. A Notice of Appeal was filed on October 17, 2003, and a decision by the BPAI was rendered on November 23, 2004. The BPAI decision affirmed the Examiner's prior art rejection but reversed the Examiner's § 101 rejection. Because the appeal was partially successful, the Applicant receives an additional 404 days due to the appeal (+404 days).

9. Court proceedings before the CAFC were terminated on June 14, 2006, and the application contained pending allowed and allowable claims. The Applicant filed an RCE on February 26, 2007, and a rejection was mailed on April 20, 2007. The Applicant therefore receives an additional 188 days for the delay between four months from the termination of the court proceedings and the rejection mailed on April 20, 2007 (+188 days).

10. The Applicant's response to the rejection mailed April 20, 2007 was received on September 25, 2007, resulting in a deduction of 67 days (-67 days).

11. The Applicant believes the correct patent term adjustment should be calculated as 911 days (483 days - 97 days + 404 days + 188 days - 67 days).

12. In the event the Applicant's calculation is incorrect and the Applicant is entitled to a patent term adjustment greater than 911 days, the Applicant respectfully requests the Office to determine and issue the proper patent term adjustment entitled to the Applicant.

Therefore, the Applicant respectfully requests that the Office reconsider the determination of patent term adjustment and find that the Applicant is entitled to a patent term adjustment in the amount of 911 days.

If any issues arise, the Applicant respectfully invites the Office to contact the undersigned at the telephone number indicated below or at *wmunck@munckbutrus.com*.

The Applicant has included the \$200.00 fee for this petition. The Commissioner is hereby authorized to charge any additional fees connected with this communication or credit any overpayment to Deposit Account No. 50-0208.

Respectfully submitted,
